ALL POSSESSIONS,
CANADA AND MEXICO**

Now—**Lower Rates** For Your Air Mail and **Faster-Than-Ever Service**

Prices are rising on everything else, but Air Mail rates are *down!* For this, thank the pioneering faith of the Post Office Department in an even more brilliant future for air transportation—and the increased efficiency of the airlines.

The 5c Air Mail rate aids economic and national security, more planes, more jobs and most of all promotes and develops our national defense. When you send your letters Air Mail for 5c you are not only securing the ultimate in postal transportation, but contributing to your nation's welfare. Now, with the new 5c rate you can use Air

Mail for all mail . . . and get delivery in *hours* instead of days.

Put Wings on Your Letters

Air Mail service is swift . . . present planes average three miles a minute and soon will travel even faster. Air Mail service is efficient . . . for scientific skill and aeronautical experience, born of war, expedite the smooth flow of Air Mail 'round the clock. Now, with airlines adding new and faster planes, there are more flights and frequent service. Your Air Mail goes through with —“celerity . . . security . . . certainty.”
