

DEFENSE PLANT CORPORATION  
301 Cotton Exchange Building  
Dallas 1, Texas  
May 18, 1945

TO ALL PROSPECTIVE BIDDERS:

We have received numerous requests relative to the conversion of certain gliders to powered aircraft. The attached CAA Bulletin has been secured and reproduced for your information. Additional copies of these bulletins will be available at all depots.

Aircraft of these types are presently available on the price tag basis at several depots. Complete information as to location, prices etc., is furnished at regular intervals on our weekly circular.
